

# YOUTH programme

## Do you have an attitude and mindset that drives you to break new ground?

Why not kickstart your career with a leading organisation who are rapidly changing the future of health.

MAKE A DIFFERENCE

INNOVATE FOR IMPACT

CHANGE PATIENTS' AND CONSUMERS' LIVES

## NESTLÉ HEALTH SCIENCE

### Empowering healthier lives through nutrition

At Nestlé Health Science we are forging a new path for nutrition as a leader in the field of nutritional science. We add quality and hope to the lives of tens of millions of people every single day, empowering consumers, patients and health care professionals to take charge of their health.

We care about the future and we make moves both for the good of our consumers and for our planet. We are committed to creating a sustainable future for everyone.

We are rapidly expanding and accelerating our business to continue delivering our purpose globally. We have more than 5,000 employees around the world, with a presence in 66 countries, delivering more than 900 million products every year.

## JOIN US ON OUR MISSION

### Regulatory Affairs Officer

We are looking for an enthusiastic and highly driven graduate to join our Nestle Health Science Youth Programme (NHSc) for the second year running. We will start you out with two fantastic years on specific NHSc and Vitaflo projects across the globe where you will be given responsibility to the real world environment from day one.

Starting as a Regulatory Affairs Officer at our Vitaflo (International) Ltd business in Liverpool, UK, you will work closely with the Regulatory department in supporting key strategic projects related to our sustainability ambition. You will also be involved in a variety of projects related to compliance of Vitaflo's portfolio and innovation pipeline and our global expansion strategy:

- Support key innovation and renovation projects to ensure regulatory compliance of the product portfolio and communications

- Focus on specific projects in the area of sustainability (packaging, labelling and communication) and supporting the gathering of intelligence from international markets to support the sustainability strategy, with the ambition to have all packaging fully design for recycling by 2025
- Developing and maintaining strong relationships with Vitaflo's international sales and marketing units, effectively supporting the introduction of Vitaflo's product portfolio in both existing and new and emerging markets
- Establishing and building strong relationships with Global Regulatory Affairs at NHSc, supporting cross-business projects

Once you have completed this rotation, you will be jetting off to a NHSc business to support their Regulatory teams. To be successful for the programme, you will:

- Be educated to degree level, ideally in Nutrition or relevant Life Science (Minimum 2:1)
- Ability to collaborate in teams and across functions
- Some experience of working in a multi-disciplinary team environment would be an advantage
- Strong organisational, and time management skills with the ability to prioritise workload
- Strong attention to technical detail and enthusiasm for learning
- The ability to adapt quickly to new challenges and thrive in a fast-paced environment
- Excellent communication skills

## & WE'LL SUPPORT YOU ON YOUR MISSION

- Competitive salary & benefits
- The chance to collaborate with an international network of experts
- Lifelong learning and development throughout your career
- Opportunities to develop your career across the world

## WE WIN WITH PEOPLE WHO INSPIRE US

**You want to explore new territory, see the world, understand it and be part of it.** You will be working in countries across the globe so being geographically mobile is a must.

**You're not afraid to ask questions.** Your inquisitive mindset allows you to learn and take calculated risks.

**You are forward thinking, digitally savvy and eager to seek ways to improve processes.** You are not afraid to challenge the status quo and be the catalyst for change!

**You jump at the opportunity to get involved with colleagues on projects.** You are always open to fresh ideas.

**You love to collaborate with a diverse range of people.** You leverage the diversity of backgrounds and experiences.

**You build strong bonds and create a climate of trust amongst others.** You work as part of a team constructively and with integrity.

**You thrive in an organisation that is constantly adapting.** You evolve with the business to meet customer needs.

**You deliver against clear, actionable and measurable priorities.** You are focused on what matters to the consumer and the patient.

**You deliver consumer value with a lean and nimble mindset.**

## **COULD YOU BE WHO WE ARE LOOKING FOR?**

Does this sound like you?

Email [hr@vitaflo.co.uk](mailto:hr@vitaflo.co.uk) with your CV and covering letter today and tell us how fabulous you are for the programme!

Closing date for applications is Friday 4<sup>th</sup> June 2021.
