

# OPTIFAST® SHAKES

## DESCRIPTION

Optifast® shakes are nutritionally complete\* total diet replacement products, developed specifically for medically supervised weight loss.

## PRESENTATION

55g sachet; Box of 12 sachets. 6 boxes per case.

Available in 4 flavours: vanilla, chocolate, strawberry and coffee flavours.

## INDICATIONS

Meal replacement for weight control or total diet replacement. With sweeteners.

## INGREDIENTS - CHOCOLATE FLAVOUR SHAKE

Skimmed milk powder, milk proteins, maltodextrin, Vegetable oils with milk proteins (canola, sunflower), fibre (acacia gum, oligofructose, inulin), minerals (potassium citrate, magnesium citrate, potassium phosphate, sodium chloride, calcium carbonate, ferrous sulphate, zinc sulphate, copper gluconate, manganese sulphate, sodium fluoride, sodium selenite, chromium chloride, sodium molybdate, potassium iodide), fat-reduced cocoa powder (4%), fish oil (with soy lecithin, milk proteins), flavourings, vitamins (niacin, E, pantothenic acid, C, B6, thiamin, riboflavin, A, folic acid, K, biotin, D, B<sub>12</sub>), sweeteners (E951, E950). Contains aspartame, source of phenylalanine.

## ADMINISTRATION AND DOSAGE

Meal replacement for weight control: replace one or two main meals with 1 sachet (1 sachet = 1 meal). Substituting one daily meal of an energy restricted diet with Optifast® contributes to the maintenance of weight after weight loss.

Substituting two of the main daily meals of an energy restricted diet with Optifast® contributes to weight loss. This product is useful for the intended use only when part of an energy-restricted diet, other foodstuffs should be necessary part of such diet.

Total diet replacement: when used as a total diet replacement OPTIFAST® provides adequate amounts of all essential nutrients for the day (4 sachets/day). It is important to maintain an adequate fluid intake. We recommend drinking 2 litres per day.

## SHELF LIFE AND STORAGE

Shelf life is 18 months from the date of manufacture. All prepared products should be tightly covered and consumed within 6 hours at room temperature or with 24 hours if refrigerated. Discard any unfinished heated product.

## PRECAUTIONS

Optifast® shakes should not be used for more than 3 weeks without medical advice. It is important to maintain a good fluid intake. We recommend drinking at least 2 litres per day. Alcohol and excessive caffeine should be avoided as it can lead to dehydration. Only suitable for adults. Unsuitable for pregnant or lactating women unless otherwise indicated by a healthcare professional.
